

Documentation

Documentation: NIH Blueprint Non-Human Primate Atlas

Document	Description
In Situ Hybridization	Overview of methods for ISH studies
Gene List	Complete list of ISH genes and corresponding anatomical structure(s) with ISH data available
Microarray Analysis	Overview of methods for microarray analysis
Gene Symbol Mapping	Guide for cross referencing human gene symbols to macaque gene symbols
Reference Series	Overview of methods for postnatal MRI and histological reference series
Acknowledgements	The many people and organizations who have contributed to this project
